

Candidate Form

Hola! I'm campaigning from sunny Mexico where I'm on vacation. I have been in the lab world since 2000. 25 years ago, I took a gamble on a posting and never turned back. I was a young single parent, then. I am very grateful for my job as a lab assistant, it has allowed me a lot of opportunities, which I am thankful for. My career has taken me through two hospitals and now I am in a community lab in Leduc, it is a challenging yet rewarding job, constantly evolving and growing. It has taught me the value of work; I have a strong work ethic; I am compassionate and strong. Please know that if I am to be elected to the board for Edmonton I will do my best to represent you as a member and HSAA as a whole. I fully believe in the value of public healthcare and always have, when Dynalife transitioned I was happy to get our pension back :) I am now humbly before you, asking for your vote

Please provide your contact information below that you would like shared with the Local Unit Executives & membership.
