Dear fellow HSAA members

My name is Kais Barhoumi, I have been working for the lab for over sixteen years and it is my honour to run for a Calgary District Board of Directors. As a dedicated professional, I'm committed to representing your interests at the board level and serving our community with integrity and expertise.

I am active member of our union for the past years supporting our fellow members and also an active member of my Local Unit. I was a union representative and was part of the engagement community in the past. I am now a representative of the Joint Worked Health and Safety and I have recently become a steward for the Diagnostic and Scientific Centre.

I have witnessed the Solidarity Rally in Edmonton inspiring me to be more involved and to be part of the HSAA board of directors.

I am asking for your trust and your vote during this election and will do my best for you and HSAA if you decide to vote for me .

In solidarity
Kais Barhoumi
