

Candidate Form

My name is Megan Connolly and I am seeking re-election to the Calgary District Board of Directors. Over the past three years, I have had the privilege of serving our members and I am eager to continue this not just important, but vital work for a second term.

I am a Social Worker at South Calgary Health Centre and have been with Alberta Health Services since 2011. I currently chair the AHS/HSAA bargaining committee, where I advocate for fair working conditions and respect for our members at the negotiating table. During my first term, I proudly chaired the HSAA Women's Committee, where we advanced important equity initiatives. I am also a member of the Constitution, Bylaws, Resolutions and Policy (CBRP) Committee, and previously on the Social Justice and Young Workers Committees.

As a single mother of two young children, I understand the challenges many of our members face. These experiences fuel my commitment to creating a more inclusive and supportive union for all of us. Over the years, I've been an advocate for accessible child care through my work with NUPGE, AFL, and Child Care Now Alberta.

My focus has always been on listening to members, amplifying their concerns and ensuring their rights are protected. I am committed to governance that is transparent, accountable and member-driven. I will continue working hard to strengthen our union, and ensure every member's voice is heard.

Thank you for all your trust and support in the past and into the future, as I continue to be your voice. It will be an honour and a privilege to represent every one of you once again

Please provide your contact information below that you would like shared with the Local Unit Executives & membership.
