### **HSAA WILL:**

**Advocate to all levels of governments to adopt and implement comprehensive strategies to reduce radon exposure, including:**

- **Mandatory radon testing and mitigation standards in residential properties, schools, workplaces, and public buildings.**
- **Integration of radon testing requirements into building codes, rental-housing standards, and occupational health frameworks.**

### **And HSAA WILL:**

**Call on governments to allocate funding and incentives to support:**

- **Radon testing initiatives and public awareness campaigns.**
- **Financial assistance or subsidies to ensure equitable access to radon testing and mitigation for residential, and workplace buildings.**

### **And HSAA WILL:**

**Encourage partnerships between all levels of government, public health agencies, worker and community organizations, and health professionals to enhance radon education, data collection, and community risk mapping, consistent with Health Canada guidance.**

### **And HSAA WILL:**

**Promote workplace radon awareness and prevention as part of occupational health and safety obligations, ensuring employers and workers are informed and protected from long-term radon exposure risks.**

**BECAUSE (RATIONALE):** Radon is a naturally occurring radioactive gas that can enter buildings from the ground and accumulate to unhealthy levels and is found in every type of building across Canada.

**AND BECAUSE (RATIONALE):** Radon exposure is the second leading cause of lung cancer after smoking in Canada, and first leading cause of lung cancer in non-smokers.

**AND BECAUSE (RATIONALE):** Health Canada has identified radon exposure as a significant and preventable public health risk and has established policy rationales supporting government intervention to reduce exposure through testing, mitigation, building standards, and public education.

**AND BECAUSE (RATIONALE):** Effective and affordable radon mitigation measures exist, yet public awareness remains low and most Albertans have not tested their homes or workplaces, leaving workers and families at avoidable risk.

AND BECAUSE (RATIONALE): Government action on radon aligns with core public policy objectives, including the protection of public health, prevention of disease, reduction of long-term health care costs, environmental health stewardship, and the promotion of health equity by supporting low-income and vulnerable populations.

AND BECAUSE (RATIONALE): The Government of Alberta has the authority and responsibility to strengthen building codes, occupational health protections, public awareness initiatives, and financial supports to reduce preventable radon exposure and associated lung cancer risk.

**HSAA WILL:****Hold its Annual Convention in an alternating rotation between Calgary and Edmonton, such that:**

- **Odd-numbered years: The Annual Convention shall be held in Calgary**
- **Even-numbered years: The Annual Convention shall be held in Edmonton**

**BECAUSE (RATIONALE):****Fairness and Equity**

Alternating locations ensures that members in both major cities share equal access and opportunity to attend the Annual Convention over time, reinforcing HSAA's commitment to fairness and inclusion.

**BECAUSE (RATIONALE):****Increased Member Engagement**

Reduced travel time and costs in alternating years encourages greater attendance, especially for members who may otherwise be unable to participate due to distance, caregiving responsibilities, or financial limitations.

**BECAUSE (RATIONALE):****Stronger Democratic Participation**

When more members can attend, debate resolutions, and vote, the Association benefits from broader representation and stronger democratic legitimacy.

**BECAUSE (RATIONALE):****Cost Efficiency and Planning Stability**

A predictable rotation allows HSAA to negotiate better venue contracts, plan logistics earlier, and manage budgets more effectively, potentially reducing overall convention costs.

### HSAA WILL:

Designate **one seat to a young worker seat** ~~when 5 or more seats are available~~ in HSAA education and the externally sponsored events identified in Membership Policy 2.08 - Sponsored External Events - Selection and Responsibilities for Member Representation. **If that seat is not filled by a young worker, then that seat is to be allocated back to the general membership for the specific event.**

### AND HSAA WILL:

Amend its policies governing HSAA education, conferences, and externally sponsored events identified in Membership Policy 2.08 - Sponsored External Events - Selection and Responsibilities for Member Representation to require the allocation of at least one designated young worker seat.

BECAUSE (RATIONALE): Young workers are underrepresented in union education and leadership development, despite being essential to the long-term strength and sustainability of the union.

AND BECAUSE (RATIONALE): The existing “preferred” access language does not ensure consistent participation or accountability in practice.

AND BECAUSE (RATIONALE): Guaranteed seats reduce the risk that young workers are excluded due to logistical, economic, or institutional barriers.

AND BECAUSE (RATIONALE): The governance resolution carried at Convention 2025 commits HSAA to empower young workers through training and removing participation barriers.

AND BECAUSE (RATIONALE): Guaranteed representation ensures young members can meaningfully contribute to union policy, leadership development, succession planning, and the future capacity of HSAA.

**Develop and promote resources, guidance, and best practices to support Local Units in establishing young worker contacts or roles and encouraging young worker engagement at the local unit level.**

BECAUSE (RATIONALE): Meaningful member engagement begins at the local level and varies significantly across the union.

AND BECAUSE (RATIONALE): Early involvement in union activity strengthens connection, participation, and leadership development among young workers.

AND BECAUSE (RATIONALE): Supporting local-level engagement enhances consistency, sustainability, and long-term capacity across HSAA.

AND BECAUSE (RATIONALE): Implementing resources for young worker engagement at the local level aligns with HSAA's commitment to intentionally include young members in union leadership, as outlined in the governance resolution carried at the 2025 Convention.

BECAUSE (RATIONALE): We will be able to increase funding to other members resources and locals. Increasing solidarity to members not selected to go to Convention.

AND BECAUSE (RATIONALE): Many members never get the opportunity to attend the Convention but have to fund it every year. We should ensure union funds are spent on all members and none are elevated above others in treatment.

AND BECAUSE (RATIONALE): Having non-unionized Alberta workers' wages reflect true inflation will reflect positively on union market wages and benefits.

#### HSAW WILL:

#### Amend Article 28 – Term of Office as presented:

- 28.02 The District and Equity Board Members shall each serve a term of three (3) years **to a maximum of 2 consecutive terms.**

BECAUSE (RATIONALE): As a democratic organization, we need to take steps to prevent power from becoming concentrated with a small group of people. Term limits will disincentivize those in positions of power from prioritizing their ability to retain power over the long term benefit of our union.

AND BECAUSE (RATIONALE): Term limits will strengthen us at the local unit level by creating more opportunity for members to serve in the highest levels of leadership and then return to their local units with new skills and knowledge.

AND BECAUSE (RATIONALE): Term limits will force us as a union to continuously develop and mentor new leaders as our members cycle through executive officer and board member positions.

### HSAW WILL:

**Support Joint Workplace Health and Safety Advisory Committees and HSAW's own Workplace Health, Safety and Wellness Committee in advocating for a Safe Scheduling and Fatigue Prevention Policy specifically for shift and on-call workers.**

BECAUSE (RATIONALE): In a union representing 200+ professions, the specific concerns of this population may be overlooked without a focused forum for input and advocacy.

AND BECAUSE (RATIONALE): Shift work involves extended, irregular, and rotating hours that increase fatigue and health risks beyond standard work schedules.

AND BECAUSE (RATIONALE): Shift work disrupts sleep, family routines, and recovery time in ways that are not addressed by general workplace safety policies.

AND BECAUSE (RATIONALE): Advocating for a shift worker-specific policy reflects HSAW's commitment to dignity, respect, healthy workplaces, equitable representation for all members.

AND BECAUSE (RATIONALE): Advocacy on behalf of shift care workers directly supports HSAW's mission to enhance the quality of life of its members and society.

## 16. GOVERNANCE

### **HSAW WILL:**

**Increase time for debate of a resolution at Convention from 10 minutes to 15 minutes.**

BECAUSE (RATIONALE): As our union membership grows, more members will want to contribute to the debate of resolutions. This is good for our union democracy, and we should allow more time to accommodate more debate.

AND BECAUSE (RATIONALE): Currently, we lose significant debate time to points of information. It is not uncommon for contentious resolutions to have debate closed with several members standing in line to share their thoughts. Increasing the time for debate will lessen the impact of time lost to members seeking points of information and increase the number of members who get to contribute to debate.

AND BECAUSE (RATIONALE): Voting on resolutions is one of the most important jobs that we have as delegates. Resolutions have the power to change how our union functions. Increasing the time for debate will only strengthen our union democracy and provide more members the opportunity to have their voices heard.

## 17. CONSTITUTION

### HSAW WILL:

#### Amend Article 27 – Nominations and Elections as presented:

- 27.01 All elections shall be determined by single ballot, ~~the member(s) with the largest number of votes shall be declared elected. Where two Board positions are vacant, the member with the second largest number of votes shall also be elected.~~ **and allow members to rank candidates in order of preference. A member must receive more than 50% of the votes to be elected. If no candidate gets more than 50% of the votes, then the candidate receiving the least number of votes and any candidate receiving less than 5% of the votes will be removed from the ballot. Any votes for removed candidates will be reassigned to the next ranked candidate on affected ballots and votes will be recounted. This process will continue until one candidate has 50% of the votes and that candidate shall be declared elected. Where two Board positions are vacant, separate consecutive elections will be held for each position with the elected member from the first election not included on the ballot for the second election.**

BECAUSE (RATIONALE): Ranked choice voting allows members to rank candidates in order of preference instead of just voting for 1 candidate. This is especially beneficial in elections with a large number of candidates. Ranked choice voting has been proven by political scientists to produce results that better reflect which candidates have the most support. Ranked choice voting allows the will of the majority to emerge.

AND BECAUSE (RATIONALE): Ranked choice voting eliminates strategic voting. Members do not have to worry about "wasting" their vote on an underdog candidate. This allows members to vote with confidence that their vote will matter.

AND BECAUSE (RATIONALE): Several other unions, including the Health Sciences Association of British Columbia, use ranked choice voting for leadership elections. Ranked choice voting has a track record of strengthening democracy and is already widely used. As a democratic organization, we should embrace change that adopts a proven method of improving how we elect the highest levels of leadership for our organization.

### **HSAA WILL:**

**Support and implement ongoing Indigenous cultural safety and anti-racism education for elected leaders, stewards, and members to strengthen equitable representation, informed advocacy, and culturally safe union environments.**

BECAUSE (RATIONALE): Indigenous healthcare workers continue to experience systemic racism and cultural harm within healthcare workplaces.

AND BECAUSE (RATIONALE): Meaningful reconciliation requires informed membership and leadership able to recognize and address anti-Indigenous racism.

AND BECAUSE (RATIONALE): Culturally safe union advocacy strengthens member support, workplace equity, and patient care outcomes consistent with the Calls to Action of the Truth and Reconciliation Commission of Canada.

**21. CONSTITUTION**

*Redundant, no vote as Resolution 5 was carried*

**HSAA WILL:**

**Amend Article – 29 Rotation of District Board Member Terms as presented:**

**Article 29 – Rotation of **Executive Officer and** District Board Member Terms**

**29.01 Elections for the President and Vice-President shall be held in different years.**

29.042 Elections for District Board Members shall be held in rotation so that not all positions are **elected** ~~vacant~~ in any year. The rotation shall be determined by the Elections/Credentials Committee.

**with the proviso that:**

**HSAA WILL:**

Provide that for the election that occurred in 2026, the Election/Credentials Committee will decide whether the Vice President term or the President term will be, for one term only, a four year term (ending in 2030) to facilitate this new staggered election pattern. The announcement of which term will be extended will be made no later than the end of the 2028 Convention and communicated to the Members.

BECAUSE (RATIONALE): Electing the President and Vice President at the same time creates a significant risk of a complete turnover of executive leadership, which can disrupt stability and strategic continuity with the union.

AND BECAUSE (RATIONALE): Staggered terms would preserve institutional knowledge and experience within the Executive leadership, enabling smoother transitions and more effective governance.

AND BECAUSE (RATIONALE): Continuity in leadership supports stronger relationships with members, employers, and external partners, which are critical to effective advocacy and bargaining outcomes, while maintaining experienced leadership alongside newly elected leaders fosters mentorship, knowledge transfer, and leadership development within the union.

AND BECAUSE (RATIONALE): Staggered elections are a recognized best practice in many unions and democratic organizations to balance renewal and stability, as consistent leadership continuity enhances long-term planning, policy implementation, and accountability to members.

AND BECAUSE (RATIONALE): Reducing the risk of simultaneous leadership turnover strengthens organizational resilience during periods of external pressure, negotiations, or structural change.

## 22. FINANCE

### **HSAA WILL:**

**Establish an independent Member Legal Support Fund to provide eligible members with access to independent legal counsel when pursuing constitutional complaints, Duty of Fair Representation claims, matters before the Alberta Labor Relations Board and the Alberta Human Rights Commission, or cases involving alleged wrongful dismissal, medical discrimination, or failure to accommodate.**

BECAUSE (RATIONALE): Members have the right to fair representation and due process.

AND BECAUSE (RATIONALE): Financial barriers can prevent members from accessing justice.

AND BECAUSE (RATIONALE): Access to independent legal counsel strengthens democratic confidence within the union.

AND BECAUSE (RATIONALE): The financial implications of this resolution include allocating funds within the annual budget to support the program, with reporting to Convention on expenditures and outcomes.

## 23. MEMBER SERVICES

### **HSAW WILL:**

**Include HSAW sanctioned rallies as qualifying events under the Elisabeth Ballermann Social Justice and Labour Relations Fund (EBSJLRF).**

BECAUSE (RATIONALE): The EBSJLRF is designed to support our members as they engage in education and events related to social justice, labour relations, and unionism. We believe that every dollar spent encouraging engagement, solidarity, and activism is money well spent. These values are the heart of what the EBSJLRF is all about, and attending rallies embodies them—often more effectively than a classroom setting.

AND BECAUSE (RATIONALE): Rallies often occur in large centres, whereas our membership works in all areas of the province. By removing financial barriers for members who must travel to participate in these rallies, we aim to foster a more engaged membership and a stronger union.

## 24. POLITICAL ACTION

---

### HSAW WILL:

**Lobby the Government of Alberta for the professional regulation of Recreation Therapists all eligible health care professions in HSAW that wish to regulate under the Health Professions Act (HPA).**

BECAUSE (RATIONALE): The current lack of mandatory registration and title protection prevents the public from verifying practitioner qualifications and poses a safety risk to vulnerable, isolated clients.

AND BECAUSE (RATIONALE): Regulation grants the legal authority to investigate complaints regarding unprofessional conduct, providing necessary safeguards for patients and reducing liability for employers.

AND BECAUSE (RATIONALE): Regulation ensures all practitioners adhere to a unified Competency Profile and Code of Ethics, aligning Recreation Therapy with other regulated members of the collaborative healthcare team.

AND BECAUSE (RATIONALE): Establishing a regulatory college will mandate continuing competence and ensure that complex psychosocial interventions (APIED) are conducted only by qualified professionals.

**25. CONSTITUTION**

**HSAA WILL:**

**Amend Article 19 – Fees and Dues as presented:**

- 19.01 Anyone applying for membership shall pay fees and/or assessments as determined by the Board or the membership.
- 19.02 The dues of the Health Sciences Association of Alberta shall be 1.4 percent of gross earnings.

**The dues of the Health Sciences Association of Alberta shall be temporarily increased to 1.5% of gross wages. The 0.1% increase shall be in place until the strike fund has reached a value of \$30,000,000 or financial reports indicate that we have reached a sustainable value (whichever is less).**

BECAUSE (RATIONALE): The reported value of out strike fund at the last AGMM (approximately \$8,000,000) was found to be insufficient to support our members in the event of a strike.

AND BECAUSE (RATIONALE): Inflation will continue to rise.

AND BECAUSE (RATIONALE): Any trained negotiator will advise that when negotiating, it is best done from a position of strength and power.

AND BECAUSE (RATIONALE): Local unit funds were frozen leaving leaders of the local units unable to engage and support the members they report to at a time that is greatly needed.

## 26. LABOUR RELATIONS ADVOCACY

---

### **HSAW WILL:**

**Advocate to secure our positions in public health care agencies and corporations by working to ensure that if layoffs are affecting a discipline in one organization, those workers are protected with opportunities to fill positions in other organizations. These advocacy efforts could consider vacancy and seniority rules that currently apply during layoffs in our contracts and could work to ensure we do not experience full losses of our seniority, years of service, accumulated sick time, vacation accrual, and more, in the event of layoffs.**

BECAUSE (RATIONALE): We voted at convention last year for this as part of an important priority during our 2025 resolutions period.

AND BECAUSE (RATIONALE): We deserve the job security and union contract protections that come with years of public service.

AND BECAUSE (RATIONALE): Current protections for portability among organizations do not appear to apply to layoffs.

AND BECAUSE (RATIONALE): It is a serious risk that our members may experience layoffs in one or another new organization.

AND BECAUSE (RATIONALE): Many disciplines have been fragmented, with some organizations having very few discipline specific positions, and we have no real protections from layoff in these organizations, despite many years of seniority.

### HSAW WILL:

Support paramedic recruitment and retention **and education spots at the government level** through awareness efforts to highlight issues with paramedic availability to re-invigorate efforts to improve our paramedic workforce and hiring and **support other local unions represent EMS throughout Alberta.**

BECAUSE (RATIONALE): Similar efforts and a coordinated campaign worked in the past to bring the government to the table to look at improving the paramedic workforce.

AND BECAUSE (RATIONALE): The lack of paramedic availability is unacceptable and dangerous for Albertan's and paramedics.

AND BECAUSE (RATIONALE): We all want paramedics available when we, our loved ones, and our community members have emergencies.

## 28. ADVOCACY

---

### **HSAA WILL:**

**Continue to support ongoing work and advocacy to keep Addictions Counsellors in our public health care, in consideration of the frequent practice of reclassifying Addictions Counsellor positions.**

BECAUSE (RATIONALE): Addictions Counselling is a specialized area of expertise that requires extensive knowledge, education and training.

AND BECAUSE (RATIONALE): Addiction care is health care, where regulated health care providers with expertise in an area should provide a continuum of care. Addictions Counsellors should be part of that continuum. World Health Organization (WHO) and Centre for Disease Control (CDC) recognize substance use disorders as chronic medical conditions.

AND BECAUSE (RATIONALE): When Addictions Counsellors stay in public health care, treatment is viewed as healthcare not punishment, stigma decreases and people are more likely to seek help early.

AND BECAUSE (RATIONALE): Addictions most often co-occurs with mental health conditions and keeping Addictions Counsellors in public healthcare ensures coordinated trauma informed treatment and care.

AND BECAUSE (RATIONALE): Substance Use disorders affect individuals, families and entire communities.

**HSAW WILL:**

**Return to the previous policy of allowing members to "opt-in" if they wish to include a portion of their union dues be allocated to charities or social justice interests.**

BECAUSE (RATIONALE): Members should be able to have autonomy over their own money.

AND BECAUSE (RATIONALE): Not all members have the same interests or choose to support the same events/charities/non-profits.

AND BECAUSE (RATIONALE): Some causes may not align with the beliefs/values of some members but yet they are forced to support them under HSAW's current policy concerning use of union dues.

AND BECAUSE (RATIONALE): There are many opportunities available outside of the union to support whatever causes are important to each individual member.

**30. MEMBER SERVICES****HSAA WILL:**

**Allow using local unit funds to purchase gift cards (which includes gift certificates, chip cards and electronic gift cards) in accordance with Canada Revenue Agency's guidelines regarding "Gifts, awards, and long-service awards" that are considered non-cash.**

- **It comes with money already on it and can only be used to purchase goods or services from a single retailer or a group of retailers identified on the card.**
- **The terms and conditions of the gift card clearly state that amounts loaded to the card cannot be converted into cash.**
- **A log is kept to record gift card information containing: name of the recipient, date the gift card was provided, reason for providing the gift card, type of gift card, amount of gift card and name of the retailers.**

BECAUSE (RATIONALE): The Canada Revenue Agency has updated its administrative guidance to treat certain gift cards as non-cash benefits when specific conditions are met, maintaining a blanket prohibition based on previous interpretations no longer reflects current tax treatment and may unnecessarily restrict HSAAs.

AND BECAUSE (RATIONALE): Retailers no longer commonly offer vouchers and instead issue gift cards as their standard prepaid product, prohibiting gift cards limits the HSAAs' ability to support local businesses and restricts purchases to specific merchandise rather than providing practical, flexible options.

AND BECAUSE (RATIONALE): Having flexibility in selecting prizes or recognition items increases the likelihood that these will appeal to a broader portion of the membership, and as such, permitting compliant gift cards will support stronger member engagement and participation.

## 31. GOVERNANCE

---

### **HSAA WILL:**

**Increase the quorum for Local Unit AGMMs to 5% or LUE+1, whichever is greater in order to conduct business.**

BECAUSE (RATIONALE): The stated objective of HSAA Local Units is to organize, mobilize, educate, and engage its members to build collective power, quorum requirements should reflect and reinforce meaningful member participation as measured by attendance rates. Increasing the quorum supports the HSAA's commitment to building collective power through increased member engagement.

AND BECAUSE (RATIONALE): The AGMM serves as an opportunity to update general members on union business, however, a quorum of two percent (2%) does not meaningfully enhance member awareness of the union's current state. As a result, key decisions may be driven by a small minority, potentially skewing outcomes away from the broader membership's views. Increasing the quorum would strengthen democratic legitimacy and help ensure wider representation in key decisions.

AND BECAUSE (RATIONALE): Advances in technology and the availability of virtual meeting platforms make it significantly easier for members to attend meetings remotely, barriers related to travel, location, and scheduling have been reduced, making a higher quorum both reasonable and achievable.

## 1. EMERGENCY RESOLUTION

---

### **HSAW WILL:**

Immediately advocate for equitable transition protections for all HSAW members impacted by the transfer of services and positions from Alberta Health Services **and Primary Care Networks** to the Government of Alberta; including but not limited to Public Health Inspectors, Research, Health Promotion Facilitator, and Environmental Health Advisor classifications, **and any other newly formed or replacement organization or pillar or private entity**, including protections related to wages, benefits, seniority, accrued entitlements, and continuity of employment, **reallocation of positions from rural, regional or smaller communities to centralized urban centers**, and publicly oppose restructuring processes that result in layoffs or “take it or leave it” employment offers without equivalent protections.

### **AND HSAW WILL:**

Undertake urgent advocacy and public awareness efforts through engagement with media, labour organizations, allied unions, public interest groups, and elected officials to raise awareness regarding the impacts of the transition process on affected HSAW members and public healthcare services, and to pursue protections equivalent to those negotiated for other HSAW members affected by health system restructuring.

BECAUSE (RATIONALE): HSAW previously negotiated transition protections for other members affected by health system restructuring, including protections related to position continuity, seniority, wages, accrued benefits, and employment status.

AND BECAUSE (RATIONALE): Affected members have just now been informed that they will likely face layoffs and be required to accept new employment offers without guarantees that current wages, benefits, seniority, or other working conditions will be maintained.

AND BECAUSE (RATIONALE): The absence of equivalent transition protections creates significant uncertainty and instability for experienced healthcare professionals whose work is essential to protecting public health, enforcing health legislation, and supporting safe healthcare and community environments across Alberta.

AND BECAUSE (RATIONALE): Healthcare workers should not lose hard-earned workplace rights and protections as a result of government-led restructuring.

AND BECAUSE (RATIONALE): Failure to oppose the use of layoffs and “take it or leave it” employment offers during restructuring risks establishing a harmful precedent for future transitions affecting other HSAW members.

## 2. EMERGENCY RESOLUTION

---

### **HSAA WILL:**

Bring public awareness to the dangers related to Bill 29 – Health Statutes Amendment Act – Expanding Health Care Access for Albertans - which will result in barriers to accessing care, increasing healthcare professional shortages and healthcare based on the ability to pay.

### **AND HSAA WILL:**

Lobby the government to develop a comprehensive workforce strategy completed in consultation with HSAA healthcare professionals **and allied unions** who deliver these critical services to Albertans.

BECAUSE (RATIONALE): By passing Bill 29 this month, the Alberta government is continuing to privatize healthcare to build a for profit two-tier healthcare system. Two-tier healthcare will lead to longer wait times, significant staff shortages, increased pressure on the publicly funded healthcare system and care based on the ability to pay not need. This puts profits over people.

AND BECAUSE (RATIONALE): Bill 29 has opened the door to a U.S. style two-tier healthcare and the establishment of private health insurance for publicly funded healthcare services including laboratory and diagnostic services.
