An Employee called back to duty will be permitted to leave the Centre upon completion of the procedure for which she was called back.
- (b) Employees called back to duty who are not scheduled to be "on-call" will receive two (2) times the basic rate of pay for a minimum of **three (3)** hours or for all hours worked, whichever is greater. Such Employees will be entitled to payments listed in Article 9.06 (a).
- (c) An Employee called back to duty on a named holiday shall be given compensating time off for all actual hours worked on each call back at her basic rate of pay within 30 days in addition to the premium pay specified in article 9.04 (a) and (b). Except for on call pay which shall not be paid, the provisions of the preceding sentence shall likewise apply to an employee who, although not on on-call duty, is called back for duty on a named holiday.

9.05 If an Employee is called back to duty and does not receive a total of eight (8) hours off duty in the twenty-four (24) hour period beginning from the commencement of her shift, then the Employee will not be required to report for duty until the Employee has received a total of eight (8) hours off duty (these eight (8) hours off duty need not be continuous). In such circumstances, no deduction will be made on the Employee's pay and the Employee's normal shift hours will not be extended to have the Employee work a full shift. RE: Decreasing or Increasing FTE

The parties agree that it may be of mutual benefit to the Employees and the Employer to allow Regular Full Time and Regular Part Time Employees to decrease or increase their FTE within their classification and work area in the Centre/satellite site.

An Employee requesting to decrease or increase her regular hours of work shall make written application to her Supervisor, indicating the requested FTE and specifying whether the request is for a temporary or permanent decrease/increase. Where the request is for a temporary decrease or increase, the application shall specify the period for which it is made. The maximum time for such temporary decrease or increase is twelve (12) months. A request that has been e-mailed from the employee's CBS e-mail account shall constitute written request.

The Employer shall provide the Union with a copy of the employee's request at the time it is submitted.

The Employer shall have the right to accept or reject any request to decrease or increase FTE based upon operational requirements including but not limited to staff skills mix, individual performance issues, etc.

The Employer shall indicate approval or disapproval in writing within 28 days of receipt of the Employee's request, and such request shall not be unreasonably denied.

Where the number of Employees making such requests exceeds the number of requests that may be granted, the requests shall be granted in order of seniority. However, no Employee shall have an approved request rescinded as a result of another Employee exercising her seniority. If the Employee's request cannot be granted, the Employer shall indicate to that Employee whether an alternate choice of FTE can be accommodated whereupon the Employee shall have the ability to amend her or his request.

The Employer may establish reasonable limits defining how often an individual Regular Employee in a work area can initiate a request to increase or decrease her regular hours of work.

Where a request for either reduction or increase in FTE is not approved by the Employer, the Employee may request that their submission be maintained on file for future consideration, for up to six (6) months.

Decreases in hours of work

No regular hours of work shall be eliminated due to an Employee's decrease in regular hours of work. The regular hours vacated as a result of granting an Employee's request to decrease regular hours of work may be offered, in order of seniority, to Regular Part-time Employees in the classification and work area, posted as a vacancy, or offered as additional hours in accordance with Article 6.02(c).

A Regular Full-time or Regular Part-time Employee can not decrease her or his regular hours of work to less than a .50 of the regular full time hours pursuant to this Letter, unless otherwise agreed between the Employer, the Employee and the Union.

Increases in Regular Hours of Work

No Employee shall be permitted to increase her FTE pursuant to this letter while other Employees are on recall, as long as the laid off Employees can perform the work required.

The Employer may approach Regular Part Time Employees from within the classification and work area in the Centre/satellite site, in order of seniority, with opportunities to increase their regular hours of work. The maximum increase that can be offered is a .40 FTE.

This provision is not intended to circumvent the posting and recall provisions of Article 12: Promotions, Demotions, Transfers, and Vacancies or Article 23: Layoff, Displacement and Recall in circumstances where a position of greater than .40 FTE has become vacant. In such case, the Employer shall first attempt to fill the vacancy in accordance with Article 12: Promotions, Demotions, Transfers, and Vacancies and Article 23: Layoff, Displacement and Recall.

The parties shall, at the request of either party, discuss the provisions of this Letter of Understanding and assess potential modifications via the Joint Committee.

RE: Seniority

This Letter's purpose is to provide guidance where there are conflicts due to seniority of the same date.

Seniority will be determined using the conflicted employees' Social Insurance Numbers (SIN). The last digit of the employees' SIN will be compared and the employee with the highest number will have preference over those with a lower number. If, by chance, two of the employees have the same number, the second last digit shall be compared in the same manner, then the third last digit, and so on until one employee has a higher digit.

For example, an employee with a last digit of 7 would be given greater seniority than an employee with the last digit of 6. For clarity, the digit 0 shall be considered the lowest digit.

This shall be effective date of ratification, and no employee's seniority shall be retroactively adjusted as a result.
